

Communication Purpose: Cover letter sent with the Emergency Student Grant check

Mode: Mail

Student Group: Eligible commuting students

Subject: Emergency Student Grant Funds

Dear NGU Student,

North Greenville University is providing you with an Emergency Student Grant to assist you with expenses related directly to the disruption of campus services due to the coronavirus pandemic, including expenses such as food, course materials, technology needs, transportation, etc. As noted on the enclosed copy of your billing statement, the grant was not applied to any balance owed but was processed through your account to generate a check for your immediate use. This is indicated by the credit and corresponding debit labeled "Emergency Student Grant Funds."

As the source of these funds is the CARES Act Higher Education Emergency Relief Fund (HEERF), we would direct you to the Department of Education website for comprehensive information regarding the funds: <https://www2.ed.gov/about/offices/list/ope/caresact.html>.

If you have any questions regarding your grant, please contact us at NGUcentral@ngu.edu. We are also available to help you understand how you may use these funds for an outstanding balance or future charges, though you are certainly not expected or required to do so.

Please know that we continue to pray for you during this time.

Sincerely,

NGUcentral

North Greenville University
