

DATE: 10/26 **TIME:** 6 to 6:45

- Update from meeting with Dr. Fant from Alex

Class projects:

Seniors- Things are moving for the foot washing station; the paper work is completed and approved. We need a plaque for this project.

Juniors- The hours have been extended to 12 during exam week! Biggest problem was with curfew; the librarian was very willing to work with students.

Sophomores- The three way stop signs happened! They are still working on the cross walk.

Ideas: possibly have new cross walk to football stadium from Taylor's street and from crusader, also possibly extend sidewalk down Taylor's street.

Freshman- They had meeting with Aramark. Changes have happened; the caf had desert pizza and had chicken on the salad bar. Hopefully, they go into weigh food next week at lunch and dinner. Idea: Offer incentive for not wasting food

Sweatshirt fundraiser:

- Money will go to outdoor recreation area for seating, and a plaque will be on the bench. Possibly put sporting equipment in the game room for the outdoor recreation area. This project will happen next semester because there is not enough time this semester.

Next week is homecoming!

- Powder puff football- try to get students to support their class. Let's be active in representing our class! Let's have a sign up in the caf; Alex is heading up the volunteer sign ups.

New ideas:

- recycling? Put junior class on it.
- Can tops collect for next semester and donate money to a charity

Next meeting: November 9 at 6 PM
