

Federal Pell Grant Recalculation Policy

For Traditional Students:

North Greenville University's Federal Pell Grant adjustment date is the day after the drop/add period for each semester. Whatever the student's enrollment status is at noon on that date will be used to determine a student's Federal Pell Grant Award. No enrollment status changes for the term will be considered after this date.

For CAPS (5-week, online term) Students:

North Greenville University's Federal Pell Grant adjustment is one week following the first day of classes. Whatever the student's enrollment status is at noon on that date will be used to determine a student's award. No enrollment status changes for the term will be considered after this date.
